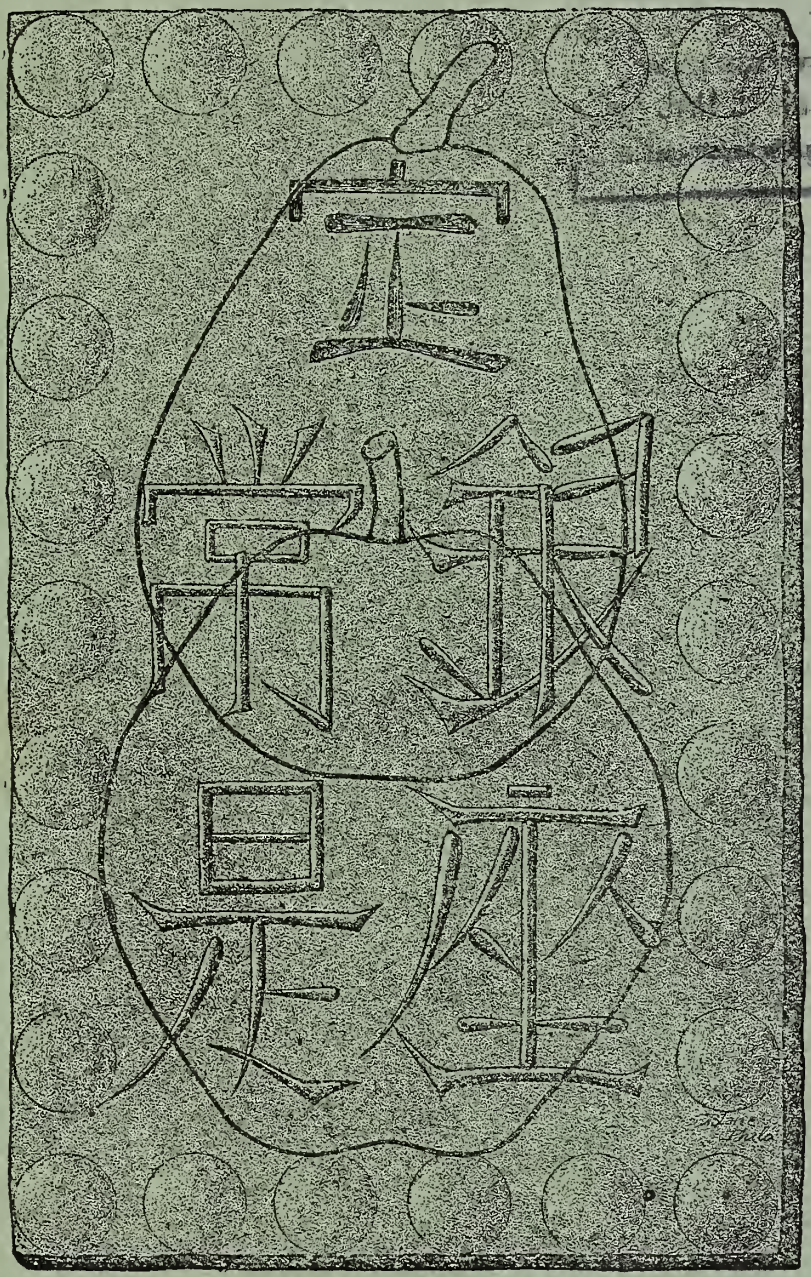
HEIKES HUNTSVILLE TREES

THE HUNTSVILLE WHOLESALE NURSERIES, Inc.

HUNTSVILLE, ALABAMA



Wholesale Price List—For The Trade Only

SEASON 1929-1930

TO THE TRADE

We are pleased to present herewith our Wholesale Trade List, showing our complete offering in the various lines in which we are specializing. It will be noted that this list carries some additional varieties and some revisions in prices since our last list was mailed. All of these revisions we have found necessary, due to changed market and crop conditions.

Our growing season has been quite satisfactory and we believe that our offering to the trade this season includes as nice lot of nursery stock as we have grown in our fifty-odd years' experience. We have already begun shipping and will continue to ship daily from Huntsville until about April first.

Fruit Trees promise to be in extremely short supply. Apparently, there is a fair supply of Coniferous Evergreens, Broad Leaved Evergreens, and perhaps some items in Shrubs, but in the main, we do not believe that there is any great deal of surplus nursery stock available, and for that reason, we urge the placing of orders immediately, even though shipment may not be wanted until Spring.

SERVICE—Your Want List will receive prompt and careful attention, and if favored with your orders, we promise to do our utmost to carry out your most minute instructions, as to method of packing, shipping, etc. Usually, when requested, we can make shipment same day order is received, provided only the order is not too large to handle in one day.

DISTRIBUTION POINTS—Another feature of our service is that we use Rochester, New York, and St. Louis, Missouri, as car lot distribution points, and can nearly always arrange to give buyers of less than car lots benefit of car lot rates to these points. We have connections in both these cities who attend to the re-handling and re-shipping promptly. This service effects not only a saving in freight charges, but insures prompt delivery of less than car lot shipments. Customers desiring this service will aid us materially by taking it up with us early enough that we may arrange shipping dates satisfactorily to all who have combination cars.

To those who are unacquainted with us, we respectfully refer them to either of the Mercantile Agencies or any Bank or Business House in Huntsville, or to any of the leading nurserymen in the United States.

The Huntsville Wholesale Nurseries

(Incorporated)

HUNTSVILLE, ALABAMA

U. S. Department of Agriculture.

TERMS AND CONDITIONS

We book orders in wholesale quantities only.

For convenience in telegraphing orders or inquiries we have inserted cipher words to indicate grades of various kinds of stock.

RATES—Apply as follows: When 10 trees and not over 50 are ordered the price will be 2½ cents per tree more than the price per 100. Orders for 50 trees or more, up to 300, when not less than 10 trees of each variety, will be charged for at the price per 100. Orders for 300 trees or more, when not less than 10 trees of each variety, will be charged for at the price per 1000.

SEASON—Our packing and shipping season begins by the 20th of September and continues until the 15th of March.

SHIPPING DIRECTIONS—We respectfully beg our patrons to furnish us with explicit directions as to shipping, and the mode of conveyance by which they wish their stock forwarded. When no particular directions are given we forward according to our best judgment, but in no case do we assume any responsibility as to safe delivery and condition of trees and plants after proper shipment by us.

GUARANTEE OF GENUINENESS—While we exercise the greatest diligence and care to have all our trees, etc., true to label and hold ourselves in readiness, on proper proof, to replace all trees, etc., that may prove untrue to label free of charge or refund the amount paid, it is mutually understood and agreed to between the purchaser and ourselves that our guarantee of genuineness shall in no case make us liable for any sum greater than that originally received for said trees, etc., that prove untrue.

ACCEPTANCE—Notice should be sent us by telegraph, at our expense, if there is any cause for complaint, or should the trees, etc., be refused, stating reasons. CLAIMS FOR DEDUCTIONS, FROM WHATEVER CAUSE, WILL RECEIVE CONSIDERATION ONLY WHEN MADE PROMPTLY UPON RECEIPT OF THE STOCK. If trees show any signs of shriveling upon arrival they can usually be restored by being thoroughly watered and buried entirely under the ground for two or three days. Should there be any frost in the trees, etc., upon arrival they should not be removed from boxes until the frost is all out. The box should be placed in the cellar or protected in some way. The presence of frost in the boxes is not to be considered an evidence of bad condition, as we pack to secure the stock against damage, if frost is allowed to come out the natural way. Goods will be considered accepted if removed from the boxes in which they are packed without notice of complaint to us and without our orders for their disposition.

CAUTION—We accept all orders subject to our crop conditions and also upon the condition that they shall be void should injury befall the stock from frost, hail, storm, fire or other causes over which we have no control.

TERMS—Usual nurserymen terms. Cash or satisfactory reference is required of parties unknown to us.

PRICES—Are subject to change without notice, and are for stock F. O. B. Huntsville, Alabama, cost of boxes or bales to be added at the following prices:

30 x 30 x 10 feet	$4.00	18 x 24 x 10 feet	$2.75
